PINE GROVE NURSERY

R. D. 3 CLEARFIELD, PA.
Clearfield, Pa.

SCOTCH PINE - French Highland (race noble de auvergne)

Short needle, bushy habit, does not yellow with cold weather. Preferred by most Christmas tree growers.

		Per 100	Per 1000
3 yr. seedlings	9"-12"	\$4.50	\$30.00
2 yr. seedlings	4"-7"	4.00	22.50

SCOTCH PINE - Spanish (guadarrama)

Good color, straight stem, becoming popular for Christmas trees.

2 yr. seedlings	5"-9"	4.00	25.00
-----------------	-------	------	-------

SCOTCH PINE - Austrian Hill Type

Fast growing, straight stems, for windbreaks, Christmas trees.

3 yr. seedlings	14"-18"	4.50	30.00
2 yr. seedlings	8"-12"	4.00	22.50

There are numerous strains of Scotch Pine (*Pinus Sylvestris*) with different characteristics as to color, stem, etc. We have selected the above strains due to color-holding and type of growth shown by each.

Our 3 year Seedlings have been root-pruned to encourage fibrous root growth.

We recommend 2 year Scotch Pine for large plantings unless grass is extremely heavy.

WHITE PINE

Christmas trees, timber, windbreaks.

2 yr. seedlings	4"-6"	4.00	22.50
-----------------	-------	------	-------

RED or NORWAY PINE

Christmas trees, timber, windbreaks.

3 yr. seedlings	7"-10"	4.50	27.50
-----------------	--------	------	-------

AUSTRIAN PINE

Ornamental or Christmas trees. Resistant to smoke and industrial fumes.

3 yr. seedlings	9"-12"	4.50	30.00
2 yr. seedlings	3"-6"	4.00	22.50

LOBLOLLY PINE

Fast growing timber trees. Not recommended north of central Pa.

2 yr. seedlings	10"-14"	4.00	22.50
-----------------	---------	------	-------

COLORADO BLUE SPRUCE

Christmas trees, ornamentals, border planting.

3 yr. seedlings	10"-12"	6.00	45.00
3 yr. seedlings	6"-10"	5.00	35.00
2 yr. seedlings	5"-8"	4.50	27.50
3-2 transplants	8"-12"	10.00	75.00
3-3 transplants	10"-15"	15.00	—

NORWAY SPRUCE

Fast growing strain for Christmas trees, windbreaks, timber.

3 yr. seedlings	10"-15"	5.00	35.00
2 yr. seedlings	5"-9"	4.00	25.00
3-2 transplants	12"-16"	8.50	65.00

WHITE SPRUCE

Similar to Norway.

3 yr. seedlings	8"-12"	5.00	35.00
2 yr. seedlings	4"-7"	4.00	20.00
3-2 transplants	10"-15"	8.50	65.00

BLACK HILLS SPRUCE (*picea glauca densata*)

Slow compact growth for ornamentals.

3 yr. seedlings	8"-12"	5.50	40.00
3 yr. seedlings	5"-8"	4.50	32.50

ENGELMANN SPRUCE (blue)

Produces a larger percentage of blue trees.

3 yr. seedlings	6"-10"	5.00	30.00
-----------------	--------	------	-------

DOUGLAS FIR

Christmas trees, ornamentals becoming more popular for Christmas trees.

Rocky Mountain blue strain

3 yr. seedlings	10"-15"	5.50	40.00
2 yr. seedlings	5"-8"	4.00	25.00

Gray strain from British Columbia more hardy and frost resistant

3 yr. seedlings	10"-15"	5.50	40.00
2-2 transplants	12"-16"	8.50	65.00

CONCOLOR (white) FIR

Beautiful bluish color. Most hardy of the firs. Christmas trees, ornamentals.

2 yr. seedlings	6"-9"	5.00	37.50
2 yr. seedlings	4"-6"	4.50	30.00

FRASER FIR (southern balsam)

Very desirable for Christmas trees, ornamentals.

3 yr. seedlings	5"-8"	6.00	—
-----------------	-------	------	---

ARIZONA CYPRESS

1 yr. seedlings	8"-12"	4.00	22.50
-----------------	--------	------	-------

JUNIPER VIRGINIANA (Red Cedar)

2 yr. seedlings	8"-12"	4.50	30.00
-----------------	--------	------	-------

AMERICAN ARBORVITAE

Ornamental and hedge planting.

3 yr. seedlings	8"-12"	4.50	30.00
-----------------	--------	------	-------

MUGHO PINE

True dwarf pine, ornamental and border planting.

3 yr. seedlings	3"-6"	4.00	25.00
-----------------	-------	------	-------

CANADIAN HEMLOCK

Ornamental and hedges.

3 yrs. in transplant bed	14"-18"	20.00	150.00
2 yrs. in transplant bed	10"-15"	17.50	130.00

JAPANESE LARCH

Not an evergreen but has light green needles similar to some evergreen trees. Valuable for timber as well as roadside and landscaping planting.

1 yr. seedlings		4.00	22.50
-----------------	--	------	-------

BLACK LOCUST

Fast ground cover for strip mine and erosion control planting. Wood used extensively for fence posts, etc.

1 yr. seedlings		4.00	22.50
-----------------	--	------	-------

CHINESE CHESTNUT

Blight resistant. Produces nuts very similar to our native chestnut.

2 yr. branched	24"-30"	5 for \$4.25	10 for \$7.95
1 yr. whips	15"-20"	5 for 3.25	10 for 5.95

* * * * *

ITEMS LISTED BELOW ARE SELECTED STOCK FOR THOSE WHO WISH TO ORDER IN SMALLER LOTS.

CANADIAN HEMLOCK TRANSPLANTS

16"-20"	25 for \$6.95
---------	---------------

COLORADO BLUE SPRUCE TRANSPLANTS

12"-16"	25 for \$6.25
---------	---------------

COLORADO BLUE SPRUCE SEEDLINGS

3 yr.	10"-15"	25 for \$4.25
-------	---------	---------------

AMERICAN ARBORVITAE SEEDLINGS

3 yr.	12"-14"	25 for \$3.95
-------	---------	---------------

CONCOLOR FIR TRANSPLANTS

(limit 10 to customer)	12"-20"	10 for \$3.95
------------------------	---------	---------------

SILVER JUNIPER

(limit 10 to customer)	12"-20"	10 for \$3.95
------------------------	---------	---------------

Will be shipped postpaid at planting time. Cash with order please. Penna. customers add 4% sales tax.

PLANTING INFORMATION

For Christmas Tree growing, Scotch Pine is in great demand, due to its fast growing and needle retaining characteristics. Some growers prefer a variety of Scotch, Spruce and Firs.

Plantings are made with 4' x 4' spacing, requiring approximately 2700 trees per acre - - - 5' x 5' about 1700 trees and 6' x 6' about 1200 trees. The 5' x 5' spacing is usually used for Christmas Tree Planting. Shearing is very important after third year and brush should be kept cut in order to get trees in good shape and density.

For windbreaks, a double row planted 6 to 8 ft. apart with offset spacing is usually satisfactory. For Hedge planting 12" to 15" will close tightly after shearing.

Seedlings should be carried in a pail with muddy water covering roots at all times. WE DO NOT recommend fall planting in areas of heavy clay soil. However it is done in some areas with good results. EARLY spring is BEST planting time.

Planting is generally done with a bar or mattock, opening a hole and placing the tree at proper depth. Close the hole by tramping firmly with the heel or otherwise. Machine planting of large quantities is being done in most areas with good results.

If trees cannot be planted immediately upon arrival, unwrap, heel in trench and keep moist by watering until planted.

NEVER	ALLOW ROOTS
	TO DRY OR BE
EXPOSED TO SUN OR AIR	

SHIPPING

To save our customers unnecessary C.O.D. and hidden cost we ship **PREPAID**. Orders will be filled in order received unless specified date is given. We do our best to meet shipping dates but cannot guarantee shipment because of weather conditions, etc.

Shipments can be made by parcel post, rail-way express, motor truck or passenger bus. We will ship the fastest and most inexpensive way.

Fall shipping will start about Sept. 15 and continue as long as weather permits. **Spring shipping** will start as soon as possible, usually the latter part of March and continue until new growth advances to the point of endangering survival. Please note that seedlings cannot be lifted from frozen ground without root damage.

TERMS

Please Read Carefully

All stock offered subject to prior sale or loss beyond our control. No orders accepted for less than amounts indicated on price list. Orders of 100 to 500 at the 100 rate, 500 to 1,000 at the 1,000 rate. WRITE FOR QUOTATIONS ON LARGE ORDERS. Prices shown are net to 5,000. Orders accepted for 25% cash with order, balance C.O.D. We ship prepaid except where customer requests special handling or shipping. We reserve the right to select the type of carrier on prepaid shipments.

Since we have no control after shipping we cannot guarantee survival. However since our stock is carefully handled and packed in damp sphagnum moss and wrapped in waterproof paper they should arrive in excellent condition.

Our stock is State and Federal inspected and graded to rigid standards under very close supervision.

We have no agents or representatives. Our stock cannot be purchased except direct from Pine Grove Nursery.
